. Write and edit articles, blogs and website content on various topics, especially related to technology, programming and Computer Science.

. Collaborate with clients to deliver high quality content within deadlines.

Software Development Intern

Stressfree & Serene Events Ltd Uganda, May 21st – July 1st

- Assisted in designing, customizing, and maintaining the company's WordPress-based website to enhance online presence and customer engagement.
- Updated website content, integrated event booking plugins, and optimized pages for speed and mobile responsiveness.
- Supported SEO improvements through keyword optimization and metadata adjustments.
- Collaborated with the marketing team to align web content with ongoing events and promotional campaigns.
- Gained experience in troubleshooting website issues and implementing basic HTML/CSS edits for layout adjustments.

Projects

Project: Stressfree & Serene Events Website

Description: Designed and customized a dynamic WordPress website to showcase event planning services, including weddings, graduations, and corporate functions, improving online visibility and client engagement.

Tools Used:

- **CMS:** WordPress (Themes, Plugins, Widgets)
- **Page Builders & Customization:** Elementor (or Classic Editor if used)
- **Languages:** Basic HTML & CSS (for styling and layout adjustments)
- **SEO Tools:** Yoast SEO Plugin (or similar)
- **Other Tools:** Canva (for graphic content, if applicable)

Role:

- Installed and configured WordPress CMS and relevant plugins.
- Customized website layout and design to match company branding.
- Created and updated content for event services and blog posts.
- Optimized site for mobile responsiveness and improved loading speed.
- Integrated contact forms and event booking functionality.

Outcome / Achievements:

- Delivered a fully functional, responsive website increasing online inquiries by **[e.g., 20% within the internship period]** (*adjust this number if you have actual data, or we can leave it as "increased inquiries"*).

- Enhanced website user experience and improved search visibility through basic SEO optimization.
- Provided the company with an easily maintainable website for ongoing event updates and promotions.

Languages.

. English: fluent

Interests:

. Writing, coding, Technology.

. Reading, Website Building, Volunteering.
